

**Y4 Numeracy QCA Style**

Write the missing number which is halfway between these two lines:

40----- \_\_\_\_\_ -----50

Write these numbers in order, smallest first:

44    109    66    55    12

-----

Write the missing sign between these numbers. You can use each sign more than once.

                  +                   -                   =

64                   12                   76

112                  80                  32

Use any of these numbers:

15    60    5    31    5

Write one number on each line to make a correct sum:

----- = ----- + -----

Freddie was 3rd in his race at sports day. There were 30 in the race. How many pupils came after him in the race?

-----

What number am I thinking of?

It is more than 10  
It is an odd number  
It is less than 30

--answer-----

Write the answers:

$$242 + 321 = \text{-----}$$

$$84 - 41 = \text{-----}$$

Write the answer:

$$52 \times 10 = \text{.....} \quad 21 \times 10 = \text{.....}$$

$$86 \times 10 = \text{.....} \quad 72 \times 10 = \text{.....}$$

A lolly costs 75 p. Joe has 10 p coins and 5p coins. How many of each coin does he need to buy a lolly?

.....ten pences                   .....five pences
