

LO: Number bonds to 20.

Calculate these number sentences:

1. $18 + 2 = \square$

2. $16 + \square = 20$

3. $\square + 9 = 20$

4. $15 + \square = 20$

5. $7 + 13 = \square$

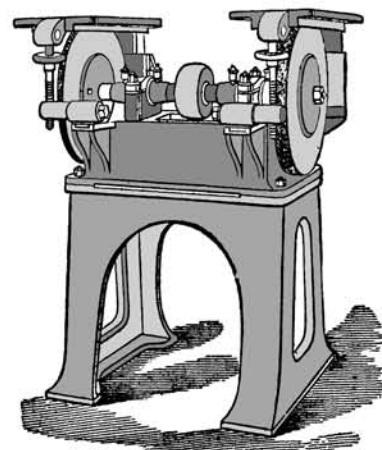

6. $3 + \square = 20$

7. $\square + 6 = 20$

8. $2 + \square = 20$

Put the numbers in the machine that we need to make 20:

19	14	8	0	4	17
↓	↓	↓	↓	↓	↓
20	20	20	20	20	20

Fill in the missing numbers:

15. $20 - 2 = \square$

16. $20 - \square = 16$

17. $\square - 3 = 17$

18. $20 - \square = 11$

19. $20 - 9 = \square$

20. $20 - 5 = \square$
