

<p>I am a bulb.</p> <p><i>You start below.</i></p> <p>You are a slowing down force that may create heat.</p>	<p>I am friction.</p> <p>You are the male part of a flower.</p>	<p>I am a stamen.</p> <p>You are the flat teeth at the front of the mouth.</p>
<p>I am incisors.</p> <p>You are the force that can attract iron objects.</p>	<p>I am magnetism.</p> <p>You usually make a change irreversible.</p>	<p>I am burning.</p> <p>You are one of the 5 senses.</p>
<p>I am touch.</p> <p>You are the force that would slow a parachute down.</p>	<p>I am air resistance.</p> <p>You are what attracts bees to a flower.</p>	<p>I am nectar.</p> <p>You are what becomes attached to the bees and is transported to other flowers.</p>
<p>I am pollen.</p> <p>You are the primary producers.</p>	<p>I am plants.</p> <p>You are an important part of any science experiment.</p>	<p>I am a fair test.</p> <p>You are the source of all the Earth's energy.</p>

<p>I am the sun.</p> <p>You are a force that makes it hard to wade through water.</p>	<p>I am water resistance.</p> <p>You are a metal used in wires that is an excellent conductor of electricity.</p>	<p>I am copper.</p> <p>You are the name given to something that helps keep in heat or electricity.</p>
<p>I am an insulator.</p> <p>You are a force that pulls objects to the centre of the planet.</p>	<p>I am gravity.</p> <p>You are the name given to an animal that only eats plants.</p>	<p>I am a herbivore.</p> <p>You are used to measure temperature.</p>
<p>I am a thermometer.</p> <p>You track down and eat other animals.</p>	<p>I am a predator.</p> <p>You are used to make a break in a circuit.</p>	<p>I am a switch.</p> <p>You are the force that makes objects float in water.</p>
<p>I am upthrust.</p> <p>You are the object used to separate different sized solids.</p>	<p>I am a sieve.</p> <p>You are the name given to the loudness of a sound.</p>	<p>I am volume.</p> <p>You are the technique used to separate un-dissolved solids from liquids.</p>

<p>I am filtering.</p> <p>You are the number of legs on an insect.</p>	<p>I am 6.</p> <p>You are the process that turns water into steam.</p>	<p>I am boiling.</p> <p>You are the sharp teeth near the front of the mouth, used for tearing.</p>
<p>I am canines.</p> <p>You are a type of light that cannot be seen but is used in remote controls.</p>	<p>I am infra-red.</p> <p>You are the process that would make a puddle seem to disappear, or a pan of water to boil away.</p>	<p>I am evaporation.</p> <p>You are the opposite of me and turn me back to water.</p>
<p>I am condensation.</p> <p>You are the flat teeth used for grinding.</p>	<p>I am molars.</p> <p>You are how long it takes for the Earth to revolve around the sun.</p>	<p>I am 365 ¹/₄ days.</p> <p>You are an animal that is hunted by another.</p>
<p>I am prey.</p> <p>You are the part of a plant that takes water to the rest of the plant.</p>	<p>I am roots.</p> <p>You are the process whereby leaves produce energy from the sun for a plant.</p>	<p>I am photosynthesis.</p> <p>You are a circuit symbol which is a circle with a cross in it.</p>
