

## Y5 Spelling

Learning Objective:- *To spell unstressed vowels in polysyllabic words.*

Question :- What is a vowel?

Question :- What does the word 'polysyllabic' mean?

Question :- What does the word 'unstressed' mean?

**Look at these words :-**

*company, portable, poisonous, interest, description, carpet, sector, freedom, extra*

As a class, we're going to try and work out what the words have in common and why people have difficulty spelling them.

---

### **GROUP WORK**

Look at the words on the list. Can you think of any way of grouping the words?

When you've managed to think of a way of grouping them (and there is a way), put some of the words into the groups.

Try to find some ways of helping you to spell **some** of the words. One way is to say a word as it sounds, e.g.

'Wed-nes-day' **or** 'in-ter-est.'

At the end of the lesson, we'll get together and look at the word groups.
