It was soon after Greg Arious and the Lexicons left the newly named town of \_\_\_\_\_, that the people became very worried indeed.

They had all these new words to use but they didn't know what they all meant—they had no definitions! What were they going to do?

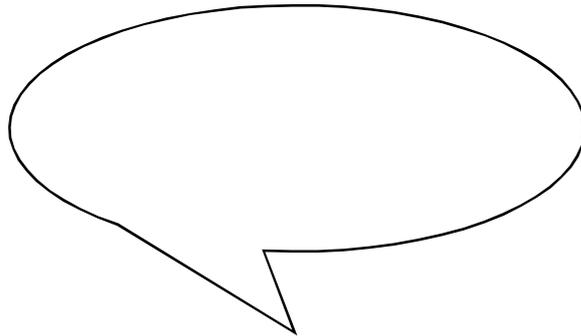

**Suddenly...**

\_\_\_\_\_ flew through  
the air and landed at their feet!

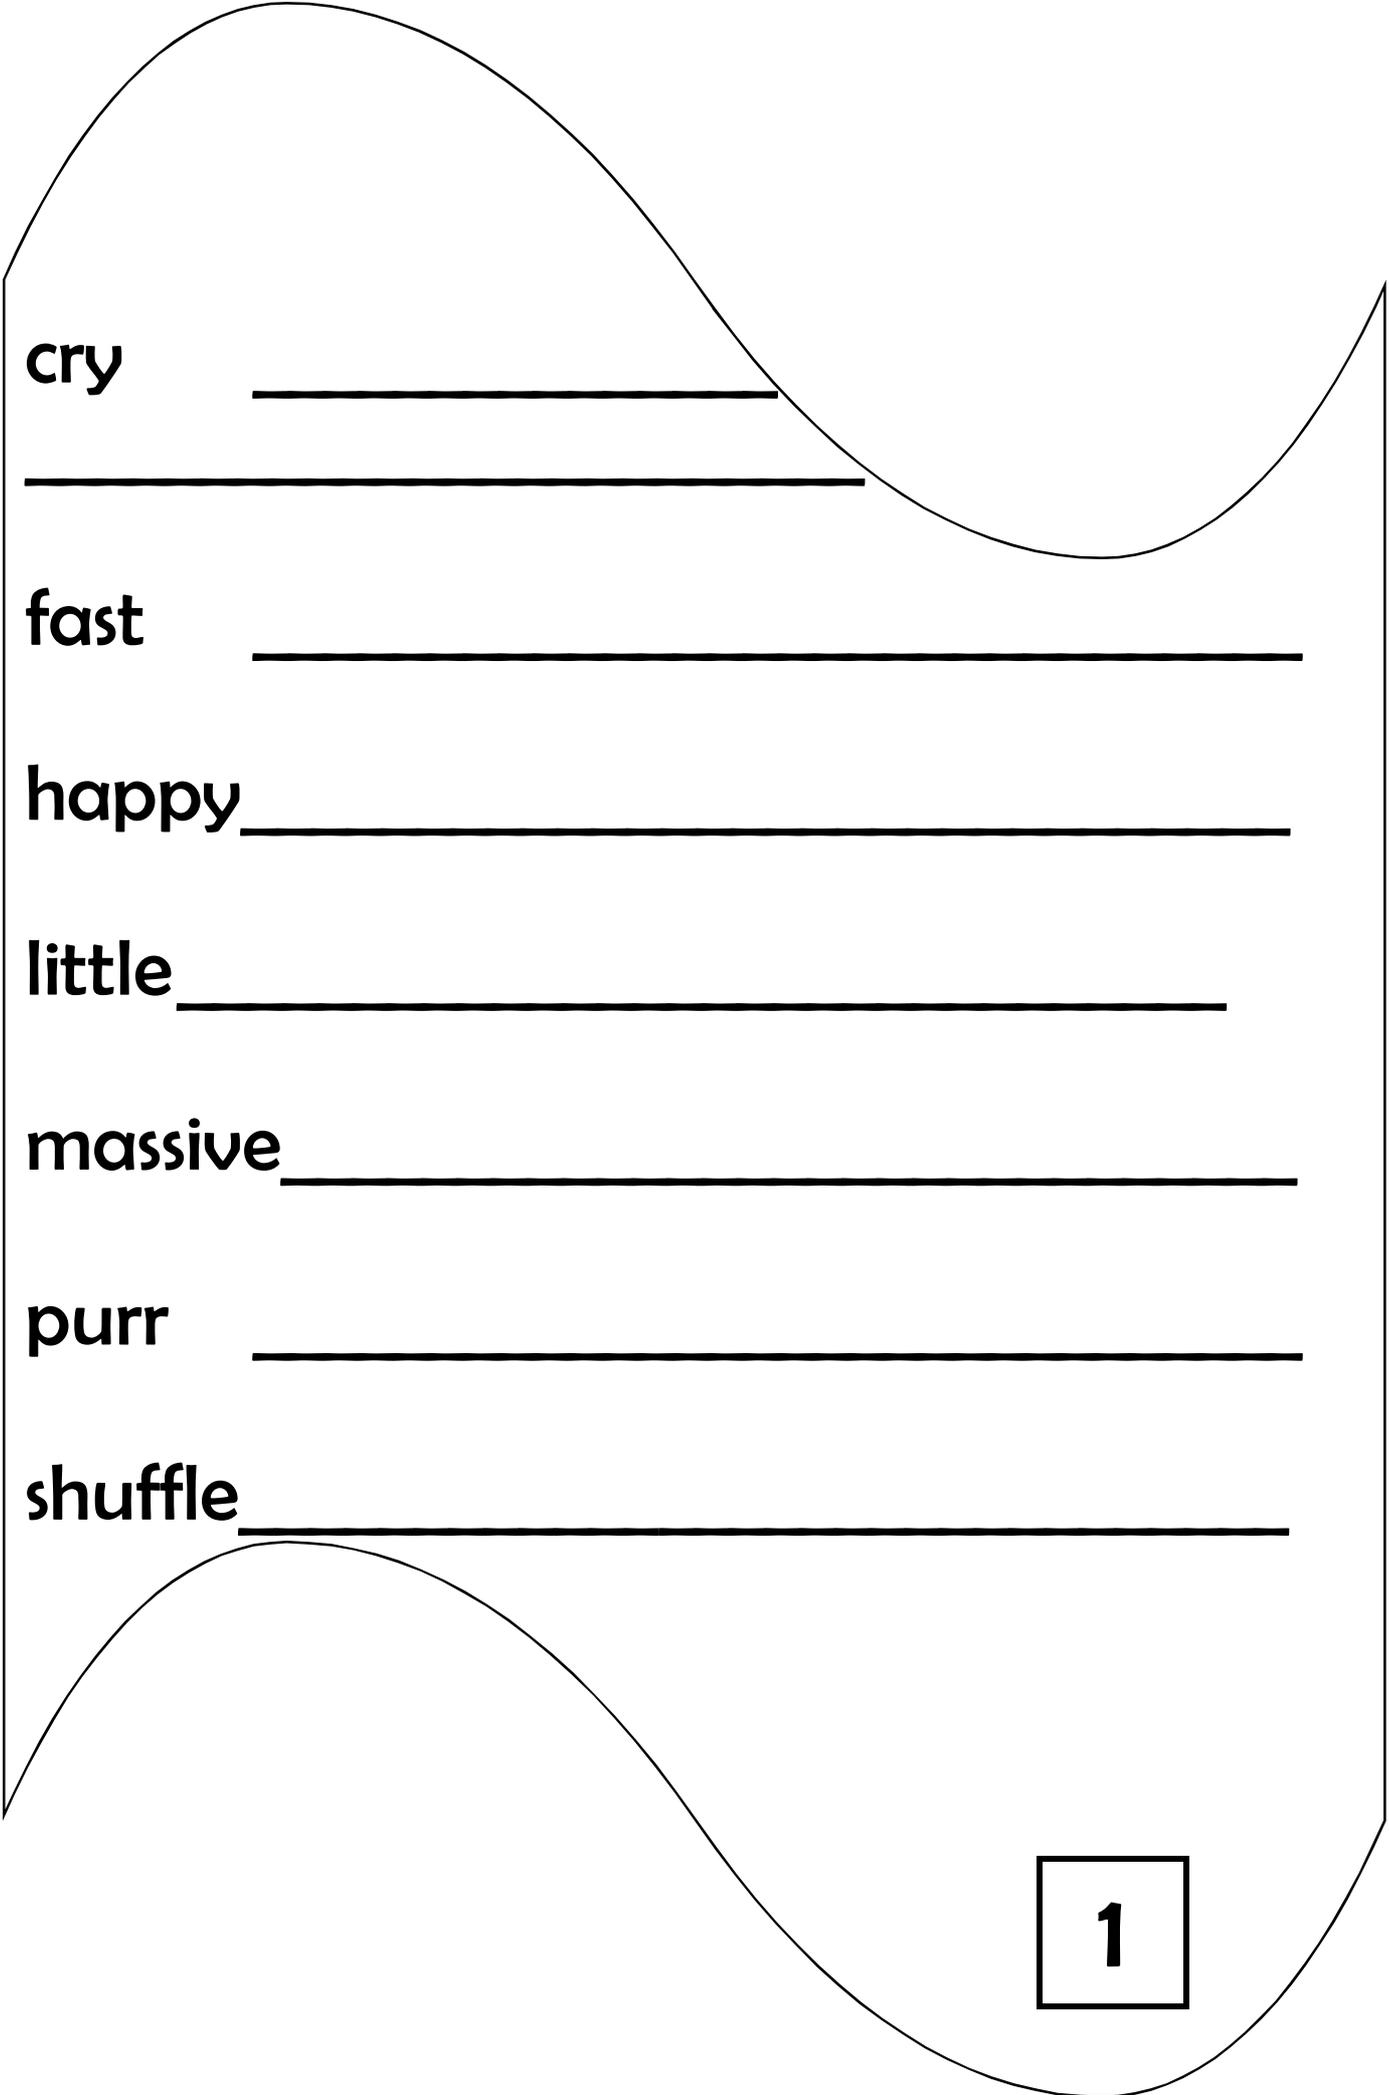

‘Don’t worry people of \_\_\_\_\_ ,  
I am here to help you,’ \_\_\_\_\_ cried.  
‘But how?’ the people of \_\_\_\_\_  
asked in amazement.

In answer to their question  
\_\_\_\_\_ pulled out a shiny  
red book from under \_\_\_\_\_ cloak.

‘This is my dictionary,’ he  
explained as he opened the book.

So, the people of \_\_\_\_\_  
settled down to take a look and  
this is what the first page of the  
brilliant book looked like...

**After reading the dictionary, the people of \_\_\_\_\_ were happy once again.**

**‘Thank you so much \_\_\_\_\_!’  
they all cried and they all lived happily, contentedly, gladly ever after!**
