

Homework – bring in for Thursday, please!

This activity can be used to engage the children's interest in how much water is used per activity over a given time, as well as giving you a chance to use homework data collected over the week.

Activity	Average amount of water used each time (litres)	Number of times each activity happens in 3 days			Please leave blank!
		Monday	Tuesday	Wednesday	
Bath	80				
Shower	30				
Flushing Toilet	10				
Washing Hands	1				
Cleaning Teeth	1				
Full washing machine load	125				
Washing up by hand	5				
Dishwasher	65				
Pot of Tea	2				
Cup of Coffee	½				
Washing car – bucket	25				
Watering garden - hose	100				

- The children fill in the appropriate boxes with a tally chart to link to Numeracy, whilst the end column can be used for the totals at the end of the period
