

Athens

Sparta

We like writers.	We don't like writers.
We welcome visitors.	We throw our visitors.
We like books.	No reading here.
Our boys go to school.	Our boys train for the army.
We trade with everyone.	We do not allow trade.
Women must be seen out on their own.	Women train to be soldiers, they are fit.
We allow citizens to make rules.	Our kings make our strict rules.
We like every man to say what he thinks.	We are only interested in what the king thinks.
