

# Internet Search Tips

**Choose your  
search phrases  
carefully**

**Check  
your  
spelling!**

**Put phrases  
inside speech  
marks**

**Avoid general searches  
e.g London.  
Try “London Eye”  
instead**

**Avoid small  
words like  
“a” or “the”**

# Which Page?

Read the titles of the pages

Read the description of the web site before you click on the link

Look at how your key words were found

The % match should be at least 90%

Use the “view similar” tool to find other useful pages
