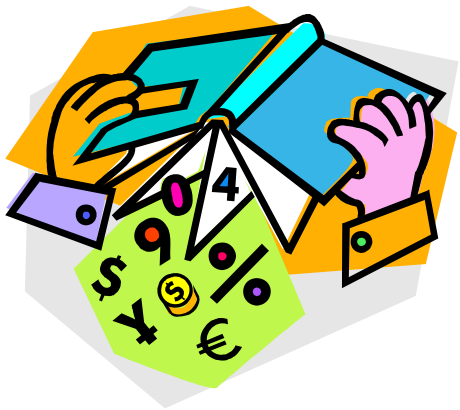
Near Doubles

We are learning to solve problems where the two numbers are easily related to doubles.



1. Work out 440 + 439

2. What is 248 + 252?

3. What is the total of 349 and 350?

4. Add 202 to 198.

5. 150 children brought their raffle tickets back in week 8 and 149 brought them back in week 2. How many children have brought back their raffle tickets?

6. Two firms gave money as sponsorship of the netball team. One firm gave $448, the other gave $452. How much was donated?

7. Tim collected $147 and $153. How much does he have?

8. There are 502 books on one shelf in the library and 498 on another. How many books are on both shelves?

9. If one meal has 1009 grains of rice and the other has 991, how many grains are there and who counted them?

10. What would be the total of 9,996 and 10,0004?
