

## Reverse Addition Sums

Sometimes the answer for a sum will be at the **beginning** of a sum. Solve these by working **backwards** and completing a **reverse (subtraction)** sums.

1. \_\_\_\_ + 3 = 6

10. \_\_\_\_ + 14 = 18

2. \_\_\_\_ + 8 = 11

11. \_\_\_\_ + 11 = 13

3. \_\_\_\_ + 1 = 3

12. \_\_\_\_ + 3 = 5

4. \_\_\_\_ + 10 = 17

13. \_\_\_\_ + 12 = 16

5. \_\_\_\_ + 5 = 8

14. \_\_\_\_ + 2 = 7

6. \_\_\_\_ + 10 = 12

15. \_\_\_\_ + 13 = 14

7. \_\_\_\_ + 4 = 4

16. \_\_\_\_ + 5 = 9

8. \_\_\_\_ + 9 = 15

17. \_\_\_\_ + 6 = 19

9. \_\_\_\_ + 2 = 10

18. \_\_\_\_ + 7 = 20
