Answer the following question in your maths books. Use the compass to help you.

1) Face **North**, turn **clockwise 1 right angle** which way are you facing?

2) Face **North**, turn **anticlockwise 1 right angle** which way are you facing?

3) Face **East**, turn **clockwise 2 right angles** which way are you facing?

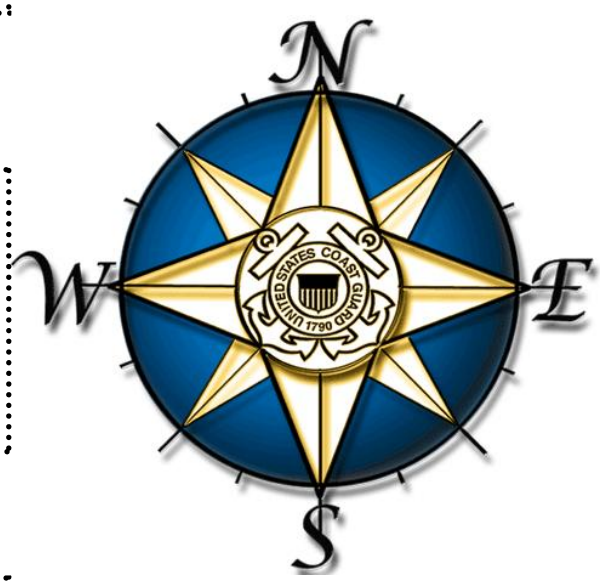
4) Face **West**, turn **anticlockwise 3 right angles** which way are you facing?

5) Face **South**, turn **clockwise 1 right angle** which way are you facing?

6) Face **West**, turn **anticlockwise 3 right angles** which way are you facing?

7) Face **East**, turn **clockwise 1 rightangle** which way are you facing?

8) Face **South**, turn **clockwise 2 right angles** which way are you facing?



If you have finished all of the above questions then you are a super star! Now make up some questions of your own and ask your partner to solve them.
