

## German (Lesson 2)

### Numbers - 1 hour (Yr 4/5)

#### Learning outcomes:

- Become more confident with numbers 0-12
- Develop ability to say all numbers to 12

#### Teaching and learning activities:

##### 15 mins:

Review numbers to 12 using flashcards as in previous week.

Use individual whiteboards/markers—1 per child. Call out a number (or sequence of numbers) in German. Children write down on their boards what they think is the correct answer. Children hold up boards to display their answers.

##### 10 mins:

Numbers—group matching. Children get into groups and arrange numbers into correct order. Use 5 Minute Timer on interactive whiteboard.

Show correct 12 matched words/numbers on interactive whiteboard.

##### 15 mins:

Addition/subtraction sheets. Children write correct digit in box, answering the sum, and then write out the answer as a correct German word (see IWB). Use 5 Minute Timer if time is running out.

##### 5 mins:

How many are there? game on IWB—children identify how many objects are displayed on screen and write on the IWB the German number for the amount they saw. Allow 5 mins prep time in groups, prior to writing on IWB.

##### 5 mins:

Children at tables—sit down, stand up game. Call out numbers in German—children to stand up when they hear an even number and sit down when they hear an odd one.

Children stand at tables. Throw Koosh ball to child. Teacher to start—go through numbers 0-12. Child receives ball, throws to another person of their choice, continuing the numerical sequence.

##### (5 mins:

Use individual whiteboards/markers—1 per child. Call out a sum in German. Children write down on their boards what they think is the correct answer to the sum. Children hold up boards to display their answers.)

##### (10 mins:

Form circle. Pass koosh ball to each child in sequence—say German number and continue in order round circle. If confidence is gained try backwards))

Hold up flashcards without words—ask if children can tell you what the number is in German.

#### Vocabulary:

Die Zahlen

null  
eins  
zwei  
drei  
vier  
fünf  
sechs  
sieben  
acht  
neun  
zehn  
elf  
zwölf

plus  
minus  
ist
