

### **Can I identify Idioms?**

I felt over the moon because after feeling under the weather for so long I now felt on top of the world again. It all began on a day when it was raining cats and dogs. I felt like I was losing my marbles because someone had bitten my head off for no reason. It was later in the day when I tried to get to the bottom of it and I began to see the light. My friend hit the nail on the head when she said that the other person had got her knickers in a twist. She then said, “Keep your hair on.” And went on to suggest she turned over a new leaf so that more people liked her.
