

PSHE LI: How can we make our classroom resources go further?

What resources are essential in the class room?

List all of the equipment that you think is essential in the classroom.
(Remember to think about all of your lessons!)

On the spot Be truthful!

We waste a lot in class. Have you ever...

Missed out a page in your book?

Left the classroom door open so all of the heating escapes?

Thrown away a pencil or felt tip, or left off a Pritt stick lid so that it is wasted?

Broken a ruler, rubber or pencil sharpener?

Wasted A4 paper, not rubbed out or turned over?

How would you help to reduce waste in the classroom?
