

Task: Pick a number from the grid, and then halve it. Write it down in a number sentence like this; $14 \div 2 = 7$.

Remember $\div 2$ is the same as halving.

2	30	26	12	14
4	20	10	24	34
8	6	18	32	16
28	40	22	36	38

Maths

Sheet B

Halving & Doubling

Task: Pick a number from the grid, and then halve it and double it. Write it down in 2 number sentences like this;

A) $90 \div 2 = 45$, $45 \times 2 = 90$

Remember;

$\div 2$ is the same as halving.
 $\times 2$ is the same as doubling

10	100	90	20	80
60	40	30	50	70

Extension:

Can you create some word problems that involve doubling and halving?
