### Telephone Number Challenge

Add up all of the numbers from the phone number.

For example if your telephone number was 3843226

Then you would do this calculation:  $3+8+4+3+2+2+6= 28$

Find 10 of your friend's phone numbers add them up like the example. Who has the highest total?

1.

2.

3.

4.

5.

6.

7.

8.

9.

10.

Who had the highest total?.....
