

Name \_\_\_\_\_

Date \_\_\_\_\_.

1. How can you tell if an object is magnetic or not?

2. Here is a bar magnet.

Which of these objects might be magnetic?

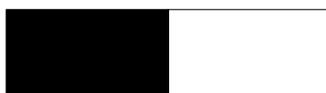

wooden pencil    nail    plastic spoon    piece of paper    metal spoon  
rubber    coin

Magnetic.	Not magnetic.

3. Complete the sentence.

Objects that are made of \_\_\_\_\_ can be magnetic. Objects that are not made of metal will not be \_\_\_\_\_.

4. Do you think these magnets would repel (push each other away) or attract (stick to each other)?

---

---

5. Write down as many places you can think of where magnets are used.  
You can draw pictures as well as write the words.
